***DIRECTIONS TO STERLING ANALYTICAL**

From points East and West:

- Take Interstate 90 [Mass Pike] East or West to Exit 4 (Interstate 91).
- After the toll plaza follow the signs for Interstate 91 South towards Springfield.
- Take Interstate 91 to Exit 7 (Downtown Springfield).
- At the traffic light take a Right onto Memorial Bridge and follow across to the rotary.
- As you cross the bridge you will see a Power Plant. That is the location of the Laboratory.
- Take the second exit off the Rotary [12 o'clock] to Route 147 (Memorial Avenue).
- You will see "Savers" and "Bob's Discount Furniture" on the left.
- Take a left into "Bob's" and go straight through the parking lot and out to Agawam Avenue.
- The Power Plant property will be directly in front of you.
- Take a left onto Agawam Avenue and follow for ~ 200 yards.
- Take a Right into the Power Plant complex at the second gate, which is the main gate, directly across from the back of "Dunkin Donuts".
- As you enter the complex the Laboratory is the stand alone brick building immediately to your left.

From points South:

- Take Interstate 91 North to Exit 3 (Route 5 North).
- Follow Route 5 North to Second Exit (Route 147).
- You will see a Power Plant immediately to your left. That is the location of the Laboratory.
- Take the third exit off the Rotary [9 o'clock] to Route 147 (Memorial Avenue).
- You will see "Savers" and "Bob's Discount Furniture" on the Left.
- Take a left into "Bob's" and go straight through the parking lot and out to Agawam Avenue.
- The Power Plant property will be directly in front of you.
- Take a left onto Agawam Avenue and follow for ~ 200 yards.
- Take a Right into the Power Plant complex at the second gate, which is the main gate, directly across from the back of "Dunkin Donuts".
- As you enter the complex the Laboratory is the stand alone brick building immediately to your left.
